Education

- Dr APJ Abdul Kalam Technical University** 2022 - 2026
BTech in Computer Science and Engineering
- CGPA: 7.87 (Till 5th sem)
- Board of High School and Intermediate UP** 2019 - 2020
Senior Secondary
- Percentage: 84%
- Board of High School and Intermediate UP** 2017 - 2018
Secondary
- Percentage: 89.50%

Experience

- Frontend Development Intern — CodeXIntern** Virtual
Tech Stack: React.js, Tailwind CSS, React Router, RapidAPI 1 July - 31 July
- Developed a Text Translator Web App using React and Tailwind CSS that accepts English input and translates it to selected languages using RapidAPI.
 - Built a Random String Generator using React hooks (useState, useEffect, useCallback) to demonstrate dynamic state and effect management.
 - Implemented client-side routing with react-router-dom to navigate between components/pages seamlessly.
 - Gained hands-on experience with API integration, React components, and Tailwind utility classes.

Projects

- Tourism (HTML, CSS, JavaScript)** [🔗](#)
- Developed a responsive platform to promote Indian heritage, natural beauty, and lesser-known destinations in India. An engaging UI to encourage responsible travel and enhance user experience.
- Netflix Clone (HTML, CSS)** [🔗](#)
- Developed a fully responsive clone of Netflix's front-end interface with modern UI elements.
- Financial Performance Dashboard (Power BI)** [🔗](#)
- Developed an interactive dashboard to visualize key financial metrics including revenue, expenses, and cash flow. Implemented actual vs. budget comparisons to help identify financial deviations and trends.
- Todo App (HTML, CSS, React)** [🔗](#)
- Built a lightweight, responsive Todo app with clean UI and interactive features. Applied component-based architecture for scalability and reusability.

Technical Skills

Languages: Java, OOPs, SQL, HTML, CSS, JavaScript, React(basic)

Developer Tools: Power BI, Oracle, MySQL, VS Code, Github

Certifications

- Problem Solving Basic Certification (Hackerrank)** [🔗](#)
- Data Analytics (Cisco Networking Academy)** [🔗](#)
- Python Essentials (Cisco Networking Academy)** [🔗](#)
